CANNES INTERNATIONAL BOAT SHOW, 10 - 15, SEP' 13

The Festival de la Plaisance de Cannes, otherwise known as the Cannes Boat Show, offers boat lovers the opportunity to preview some of the finest yachts afloat. Yacht owners and buyers from around the world gather in this magical location to admire new vessels in the Vieux Port and pre-owned models in Port Pierre Canto. An absolute must for all yacht lovers, the Festival de la Plaisance de Cannes will open the quays of its 36th

SAVE THE DATE

show on 10th, September 10th to 15th. The Festival de la Plaisance de Cannes, yacht show held in the exceptional sites of the Vieux Port and Port Pierre Canto in Cannes on the French Riviera, has close to 54,000 visitors, 500 vessels displayed in water (including 150 new models and 170 boats over 20 metres), 400 exhibitors, and a total of more than 80,000 sqm of exhibition space. Join Gautama Dutta, Executive Director, Marine Solutions, at Europe's leading in-water boat show to celebrate the International world of pleasure boating and luxury yachts.

THE LARGEST PLANNING RECREATIONAL BOAT EVER BUILT BY FERRETTI YACHTS IS BORN

Ferretti Yachts presents Ferretti 960, the largest planning pleasure boat ever designed and built by the Groups historical brand. Registered as a CE craft below 24 metres in length, this new yacht develops further the design philosophy embraced by the brand over the last few years, maximising its concepts and contents with the aim of achieving an unprecedented product in its category. This is the core philosophy behind this new flagship, entirely built at Ferretti Groups Cattolica shipyard. The Ferretti 960 is yet another outstanding result of the close cooperation between Studio Zuccon International Project, which designs Ferretti Yachts entire range, AYTD Advanced Yacht Technology & Design, and Ferretti Groups team of engineers, architects and designers. This new yacht preserves the hull design and waterlines of the previous yacht, the Ferretti 881 - one of the most successful models for the brand -, while developing it further, thereby becoming the latter's legitimate heir.

FONTAINE PAJOT INTRODUCES 'THE EXCELLENCE, VICTORIA 67'

Join Gautama Dutta, Executive Director, Marine Solutions, at the Grand Pavois in La Rochelle from the 25th to the 30th of September 2013, where the new VICTORIA 67, new for 2014, will be exhibited. Elegant and entirely contemporary, the Victoria 67 is a large cruising catamaran which represents the excellence of the Fontaine Pajot yard. Her size has allowed the best to incorporate a magnificent flydeck which can be easily accessed from the cockpit. This genuinely warm and inviting meeting space blends perfectly into the aesthetics of the boat, with features worthy of comfort provided by the best luxury hotels.

The new Flagship VICTORIA 67 is the first catamaran in the range to feature a full-fledged, large flybridge. As the company's largest catamaran, the Victoria 67 sets new standards in space and style and has the largest sail area, the biggest interior volume and the most expansive owner's suite of the Fontaine Pajot range. Expansive passageways, built-in equipment, separate living areas, subtle lines and a carefully considered floor plan create a highly functional and eminently elegant interior. The huge saloon is gently bathed in light from an expanse of panoramic windows.

THE NEW PRESTIGE 720 RESOUNDING SUCCESS

PRESTIGE has met with resounding success over the past decade, filling a unique niche in the very exclusive motor yacht market. Following the worldwide success of the latest generation, PRESTIGE announces the arrival of their newest model, the PRESTIGE 720. This new model has been conceptualized for fuller enjoyment of life at sea, with exceptional exterior living spaces, from the extra-large swim platform to the spacious cockpit and generously sized flybridge. The layout affords privacy as well as safety and ease of movement on board. The arrival of this new 72-foot motor yacht marks a new chapter in the Prestige story. That being said, the 720 contains much of the DNA of the rest of the Prestige line; passionate innovation, enduring commitment to quality, layout innovation and timeless design. The overall length is 21.99 metres with a waterline length of 18.4 metres and she comes with a maximum beam of 5.6 metres. The draft is 1.55 metres and the height above the waterline is 5.8 metres.

THE PRESTIGIOUS EUROPEAN YACHT OF THE YEAR AWARD GOES TO...

The all-new Sun Odyssey 469 is the latest in a long line of Jeanneau sailboats to be nominated for the prestigious European Yacht of the Year. Of the dozens of new sailboats launched every year, only a few earn the nomination. Started in 2001, the jury was made up of the 11 largest sailing magazines from 11 European countries. Jeanneau has been nominated a dozen times and has won this coveted award 4 times! This is more than any other brand of sailboats. Winners include the Sun Fast 35, Sun Odyssey 45, Sun Fast 3200 and the Sun Odyssey 409. The newest addition to the Sun Odyssey line, the Sun Odyssey 469, benefits from the latest innovations and inherits the finest traits of this iconic line. From the design cabinet of Philippe Briand, clean lines and an elongated hull with moderate freeboard give the Sun Odyssey 469 an extraordinary aesthetic value and performance.

THE NEW AQUARIVA, SIMPLY SUPER

Aquariva has become the symbol of Riva's style and contemporary elegance, successfully establishing its presence on all continents, just as the legendary Aquarama - which is now a cult-yacht for collectors all over the world. Aquariva Super is the result of the cooperation between Officina Italiana Design, the design firm that signs all Riva yachts and the Ferretti Group's team of engineers and designers. The soft, stylish lines of this 33 footer makes it a timeless model, ensuring unmatched comfort and emotions. The stainless steel details, like the air intake, are true design masterpieces. The bow is hand-shaped on every single yacht. The search light is a typical element on Riva yachts and consists of more than 200 components. The mahogany deck with solid maple engravings is protected by 18 layers of paint. The electronic two-speed automatic transmission improves minimum cruising speed acceleration and optimizes maximum speed performances. This comes standard on the model with two powerful 380 hp Yanmar engines, resulting in a maximum speed of 41 knots and a range of 150 miles at cruising speed.
